

# Postgraduate Programmes

# Master of Business Administration (MBA)

## Programme Features

### International Recognition with Triple Accreditations

HKBU School of Business is amongst the 1% of business schools worldwide accredited by the three leading international accreditation bodies focused on business education, including AACSB, EQUIS and AMBA.

### Innovation and Transformation, Understanding Business Change

The curriculum is designed to meet the dynamic needs of the business world and emerging global trends. Students will delve into innovation and digital transformation, emphasising ESG principles and sustainable development goals, nurturing them to become business elites.

### Embracing the Digital Future, Covering Cutting-Edge Topics

The programme covers cutting-edge topics such as artificial intelligence, blockchain, business analytics, and financial technology, exploring the realms of digital transformation. The teaching combines virtual and face-to-face methods, providing a comprehensive learning experience to enrich students' knowledge and skills.

### Interactive Experience Enhances Learning

In addition to the course content, a series of interactive extracurricular activities are provided to enrich the learning experience and foster interpersonal networks. Through company visits, overseas study trips, seminars, and strategic simulation workshops, students' practical skills are enhanced.

### Balancing Theory and Practice

Encouraging students to learn from practice through corporate consulting projects. Students are required to conduct research for a company or develop a business plan, applying theoretical knowledge to practical situations, enhancing their knowledge, skills, and business insights.

### Strong Alumni Network

The HKBU MBA programme has over three thousand alumni from various industries, forming a strong and close-knit alumni network. Through various entertainment, academic, and cultural activities, students and alumni can expand their knowledge and interpersonal networks.

## Admission Information

# Master of Science in Applied Accounting and Finance (MScAAF)

## Programme Features

### Curated Curriculum

The programme meticulously crafts eight core courses that comprehensively cover the essential knowledge in accounting and finance, emphasising the integration of theory and practice. Students have the autonomy to choose elective courses that align with their career aspirations, and so enhance their professional development. We offer a selection of market-relevant electives, including Financial Technology, Derivative Securities and Risk Management, Commercial and Corporate Law, as well as Hong Kong and International Tax Law, ensuring that our students are equipped with cutting-edge industry knowledge.

### Enrichment Activities

A series of student support services is tailor-made to enrich students' learning experiences as well as assist in their career development, which includes executive development seminars, career events and workshops, study tour/corporate visit, and alumni networking.

### Comprehensive Scholarships and Award Opportunities

The programme offers an array of scholarships to recognise and support outstanding international students, as well as those who excel in admission interviews. It also rewards students who demonstrate exceptional academic achievement throughout their studies. These scholarships and awards include International Postgraduate Scholarships, Diversity Contribution Scholarships, Entrance Scholarships, Young Talent Scholarships and Excellence Academic Performance Awards.

### Professional Recognitions

The programme is widely recognised by different professional associations, including the Association of Chartered Certified Accountants (ACCA), the Hong Kong Institute of Certified Public Accountants (HKICPA), the Chartered Institute of Management Accountants (CIMA), the Association of International Accountants (AIA) and the Institute of Compliance Officers (iCoHK).

### Career Prospects

Graduates can pursue careers as public or commercial accountants, financial analysts, auditors, investment bankers, tax consultants, financial managers, risk analysts, management consultants.

# Master of Science in Applied Economics (MScAECON)

## Programme Features

### Holistic Curriculum in Business

The programme integrates economic theory with applied economic analysis, and will enable students to understand the economy of China and the world. The curriculum consists of practical applied techniques in business and financial economics covering banking and capital market, economics of digital currency, applied economic analysis with big data, cost and benefit analysis, green finance, corporate finance (IPO), international finance, sustainable development (ESG) and other areas that address the concern of the business community in recent years.

### Multi-modal and Global Learning

A balanced training in advanced economic knowledge and applied techniques in analysing real-world business economic and financial environment. An understanding of the Chinese economy from a global perspective, exploration of the latest global hot topics in business sector and academic research (such as Big Data, Digital Currency, Sustainability, Green Innovation and Finance).

### Career Prospects

Graduates will be equipped with analytical skills and techniques for analysing business and real-world problems from the economic perspective. They are trained to be competent professionals in business corporations, public organisations and financial institutions such as Economists, i-Bank professionals, Business Consultants, Applied Economists in Big Tech Firms, Big Data Analyst, Capital Market Analyst, Industry / Market Researchers in financial institutions and Policy Researchers.

### Curriculum Highlights

The core courses of the programme cover "Topics of ESG and Sustainability in Economics and Finance" and "Graduate Workshops and Seminars" on top of "Microeconomics", "Macroeconomics" and "Econometrics", providing students with concrete application skills to apply the theoretical knowledge in the real business world for career development.

# Master of Science in Corporate Governance and Compliance (MScCGC)

Visionaries Build Great Things, Corporate Governance Makes Great Things Sustainable

## Programme Features

### A Practice-Oriented Programme

The mission of the programme is to provide specialised training and practical knowledge to prepare directors, company secretaries and compliance professionals for strengthening the sustainability and accountability of their organisations.

The curriculum covers a variety of disciplines including legal studies, compliance, accounting and finance, management, etc. with focus on ESG & sustainability.

### Double Recognitions of HKCGI and CGI

Graduates of the programme are eligible to apply for full exemption from the examination requirements of The Hong Kong Chartered Governance Institute (HKCGI) and The Chartered Governance Institute (CGI), which headquartered in the United Kingdom. Members of HKCGI will be awarded with the dual designations of Chartered Secretary (CS) and Chartered Governance Professional (CGP).

In Hong Kong, the qualification is highly recognised by governmental departments, regulators and professional bodies, such as Hong Kong Exchanges and Clearing Limited (HKEX) and Company Registry of Hong Kong Government. Member of HKCGI, lawyer and certified public accountant are the only three professional qualifications recognised by HKEX as necessary for appointment as company secretaries of listed companies under the Listing Rules.

Furthermore, as the Hong Kong/China Division of CGI, the premier global qualifying organisation for governance professionals, membership of HKCGI is internationally recognised and portable across nine Divisions, including areas such as United Kingdom and Ireland, Singapore, Australia, Canada, Malaysia, New Zealand.

# Master of Human Resources Management (MHRM)

## Programme Features

### Active Learning Approach

The programme uses a range of participative and work-based learning approaches that enable students to investigate issues or problems of concern, create useful information and options and devise HR management plans to deal with the problems identified.

### Weekend Classes

The programme is offered on a one-year full-time or a two-year part-time study mode. Most of the courses are taught over weekends to match the schedules of working professionals.

### International Recognition

The programme is accredited by the Chartered Institute of Personnel and Development (CIPD), the world's largest Chartered HR and development body, as an equivalent qualification to the CIPD Advanced Level standard. MHRM students who registered as CIPD student members automatically lead to the CIPD Associate membership after graduation.

### Career Prospects

Most local students working in HR are offered promotions, salary increases or job changes after graduation, while non-local graduates either choose to stay in Hong Kong or return to their home countries to work in HR or related management jobs.

### Curriculum Highlights

The core courses of the programme help students build a solid foundation in HR theories and practice. We also provide a variety of elective courses that allow students to develop in different directions and at different levels according to their own individual learning needs.

# Master of Science in Marketing for the Creative Economy (MScMCE)

## Programme Features

### "Art x Marketing"

The programme is a one-year full-time programme offered by the Department of Management, Marketing and Information Systems in collaboration with the Academy of Visual Arts. It provides an interdisciplinary platform to nurture "Art x Marketing" talented individuals who are capable of managing, operating, administering, and promoting creative initiatives, projects, and policies within a globally competitive ecology by providing the necessary expert training in business and marketing to excel in this field.

### A Unique and Interdisciplinary Programme

The programme aims to cultivate creative and cultural leaders with knowledge that can be applied in retail market, entrepreneurship, creative industries, and arts administration and management.

### International Immersion

The programme offers overseas immersion, which gives students the opportunity to join an overseas field trip\* during the summer term to broaden their experience and understanding of creative economies at an international level. A subsidy up to HK\$10,000 will be provided to every student for this field trip.

### Creative Service Learning

Students get to solve real-life problems through the Creative Service-Learning Project. A subsidy of up to HK\$5,000 (based on actual expenses) will be provided to each student to support the Creative Service-Learning Project. Presentations will be conducted via a virtual symposium for students to exchange ideas with academics and practitioners across the globe.

# Alumni Sharing

## KUANG Feng

Programme Name  
Master of Business Administration

Year of graduation 2024

Job title General Manager

Company name Shenzhen E-byte  
Technologie Company Limited

Being a senior executive, the HKBU MBA programme aligned perfectly with my needs in seeking theoretical advancements, surpassing my initial expectations. Upon completing the programme, I acquired the bravery and insight to shift from conventional management to entrepreneurship, reshaping my professional path. Engaging in meaningful dialogues with peers from various industries broadened my perspectives and left a lasting impression during my time at HKBU. The hands-on business field study seamlessly integrated cutting-edge theories with practical applications, providing me with a valuable asset for my transformative journey. The HKBU MBA programme not only serves as a launchpad for dreams, but also an accelerator for career growth.

## Rico BIRKMANN

Programme Name  
Master of Science in Applied  
Accounting and Finance

Year of graduation 2021

Job title Social & Inbound  
Marketing Team Lead

Company name Kape Technologies

Pursuing my master's degree for a year at HKBU had been an exciting and fruitful experience. Exciting, because studying with my fellow classmates from all over the world has not only broadened my perspectives and horizons, but it has also led to great friendships, which made my stay in Hong Kong unforgettable. Fruitful, because HKBU offers a broad range of events, preparing students for a successful job search, teaching us valuable life lessons, and connecting us with future employers. In addition, all courses are taught by passionate professors who really care about students' success in their future careers. For prospective students who are seeking international exposure, a great student life and a high-quality education - the HKBU School of Business is the way to go.

## PATWE Gufran Yusuf

Programme Name  
Master of Science in Business  
Management

Year of graduation 2022

Job title Consultant

Company name Inspire HK

The MScBM programme equipped me with practical courses that I could apply in real-world situations. The dedicated professors have mentored me throughout, and the degree has directly contributed to my securing a fulfilling career in HK.
